DONATION OPPORTUNITY FOR MEMBERS OF THE HIGHLANDS SCHOOL DISTRICT

Every year, seniors in the Highlands engineering course design and manufacture a competition robot. This design is a highly sophisticated machine that destroys its fellow competitors, similar to the popular television show, BattleBots. Our finished product will be featured in the Western Pennsylvania BotsIQ competition at California University of Pennsylvania on April 26th. To be competitive, students aspire to raise around \$3,000 to manufacture the best robot. Any funds go towards extra parts such as motors, gearboxes, speed controllers, and interchangeable weapons. If you are interested in contributing to our team, you will be acknowledged as follows:

GOLD -level sponsor

\$200 & up

- Certificate of appreciation
- Framed 8x10" team photo
- Business name included on the back of team t-shirt
- Company name on robot in 1 inch gold lettering

BROWN -level sponsor

\$125-\$199

- Certificate of appreciation
- Framed 8x10" team photo
- Company name on robot in ½ inch brown lettering

WHITE -level sponsor

\$50-\$124

- Certificate of appreciation
- Framed 8x10" team photo

Make donations payable to 'Highlands Robotics' and mail to
