

TITLE ONE NEWSLETTER

What are WIN Groups?

Referred to as "WIN" by students and teachers, we provide a "What I Need" time block. The goal of the WIN block is to provide our students with what they need based on skill level, in order to help them reach their academic potential.

Currently, we are working on the following skills, which all can be simply taught by just speaking with your child. They are taught in the following order:

Clapping out words in a 3, 4, 5-word sentence.

Recognize what words do and don't rhyme.

Produce a rhyming word.

Recognize the first sounds in words.

Verbally break 3 letter words down into sounds.

Verbally blend sounds to make 3-letter words.

Other Skills that require materials/flash cards:

Recognizing Letter Names

Recognizing Letter Sounds

Recognizing Sight Words

Making 3-letter words.

What can I do?

Please see the contact information below which includes our interventionist staff. If you need ideas, we will be happy to provide you with ways to help your child.

Please read to your child.

By now, everyone has heard that there are benefits to reading with your child daily for 15 minutes. Some of these benefits are listed below:

Reading aloud gives unborn babies the foundation of language.

*Reading aloud teaches children the **basics** of books.*

*Reading aloud forms **social skills** in children.*

Reading aloud supports basic speaking skills.

Reading aloud teaches children about their world.

Reading aloud increases children's vocabulary.

Other Items:

THE RAMS READERS PROGRAM FOR THE 2020-2021 SCHOOL YEAR IS BEGINNING OCTOBER 4. PLEASE CONTACT US IF YOU NEED ANY FURTHER INFORMATION.
