

Spelling Tic-Tac-Toe

This board includes many different activities to help your child practice his/her spelling words. The activities you choose can make a tic-tac-toe line: horizontal, vertical, or diagonal three in a row. The math secret code is A=1, B=2, C=3...continue this throughout the alphabet for the whole code. Have fun!

Write a song or a rap using all of your spelling words.	Write each spelling word. Next to each word, write two additional words of at least three letters that can be spelled using the letters in the word. Example: the word pickle can be used to make the words lick, pick, like, and lip.	Write your words with all the letters scrambled up. Then ask a parent or sibling to unscramble the words in your notebook. Correct that person's work.
Write each word, color coding the pattern. Ex. Charm – ch in one color, arm in another.	Write each spelling word in a rainbow of colors. First, write the words with a red crayon. Trace over the words with a blue crayon. Finally, trace the words again with a green crayon.	Write each spelling word without its vowels. Replace each vowel with a line.
Print each word. Next to it, write the word in dots.	Make a set of flashcards for studying your words.	Write your spelling words in curly letters. Ex. <i>poured</i>

Spelling Words

Long vowels ie , igh
/i/, ai ,
ay /a/, oa, ow /o/,
