## HIGHLANDS MIDDLE SCHOOL <br> 9 WEEK PACING GUIDE

| Grade 7 <br> MATH <br> QUARTER 1 | Numbers and <br> Operations | Algebraic Concepts | Geometry | Measurement, Data and <br> Probability |
| :---: | :--- | :--- | :--- | :--- |
| SAS MODULE 1 <br> (Suggested Timeline: <br> 6 weeks) | CC.2.1.7.D.1 <br> Analyze proportional relationships <br> and use them to model and solve <br> real-world and mathematical <br> problems. |  |  |  |
| ASSESSMENT |  |  |  |  |
| SAS MODULE 2 | CC.2.1.7.E.1 <br> Apply and extend previous <br> understandings of operations with <br> (Suggested Timeline: <br> 6 weeks) <br> numbers. | CC.2.2.7.B.3 <br> Moderations with rational solve real-world and <br> mathematical problems by using and <br> connecting numerical, algebraic, and/or <br> graphical representations. |  |  |
| ASSESSMENT | ASSESSMENT |  |  |  |

| Grade 7 <br> MATH <br> QUARTER 2 | Numbers and <br> Operations | Algebraic Concepts | Geometry | Measurement, Data and <br> Probability |
| :---: | :--- | :--- | :--- | :--- |
|  |  | CC.2.2.7.B.1 <br> Apply properties of operations to <br> generate equivalent expressions. <br> ASSESSMENT |  |  |
| SAS MODULE 3 <br> (Suggested Timeline: <br> 7 weeks) |  | CC.2.2.7.B.3 <br> Model and solve real-world and <br> mathematical problems by using and <br> connecting numerical, algebraic, and/or <br> graphical representations. |  |  |
|  | ASSESSMENT |  |  |  |

| Grade 7 <br> MATH <br> QUARTER 3 | Numbers and <br> Operations | Algebraic Concepts | Geometry | Measurement, Data and <br> Probability |
| :---: | :--- | :--- | :--- | :--- |
| SAS MODULE 4 <br> (Suggested Timeline: <br> 5 weeks) | CC.2.1.7.D.1 <br> Analyze proportional relationships <br> and use them to model and solve <br> real-world and mathematical <br> problems. |  |  |  |
|  |  |  | CC.2.4.7.B.1 <br> Draw inferences about populations based <br> on random sampling concepts. |  |
|  |  |  |  |  |

| Grade 7 <br> MATH <br> QUARTER 4 | Numbers and <br> Operations | Algebraic Concepts | Geometry | Measurement, Data and <br> Probability |
| :---: | :--- | :--- | :--- | :--- |
|  |  |  | CC.2.3.7.A.1 <br> Solve real-world and <br> mathematical problems <br> involving angle measure, <br> area, surface area, <br> circumference, and volume. |  |
| SAS MODULE 6 <br> (Suggested Timeline: <br> 7 weeks) |  |  | ASSESSMENT |  |

|  |  | CC.2.3.7.A.2 <br> Visualize and represent <br> geometric figures and <br> describe the relationships <br> between them. |
| :--- | :--- | :--- | :--- |
|  |  | ASSESSMENT |
