The Umlauted Sounds

ä	SHORT - "eh" as in hätte / LONG - "ay" as in spät
ö	Round your mouth to say the letter "o" and say "e" instead - round your lips and push them forward, like a fish, or as in puckering to kiss
ü	Same as above, but stick the lower lip out just a little more

The "ß" or S Set (Scharfes S)

ß	Pronounce this symbol the same as you would the letter "s". Chances are you won't see it much anymore.
