## The school system

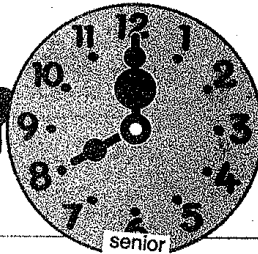

## Der Stundenplan

Look at the typical seventh grade **Stundenplan** (schedule) on the right:

- Does this student have six classes every day?
- Does the class have six lessons every day?
- What subjects have been abbreviated?
- How long does the student have between classes?
- Is there a home room period?

### Recess

At recess the students go out in the **Schulhof** (playground). Some come to school by **Mofa**, a small moped, which you can ride at the age of 16, and for which you need a special license. Some older students at the school on the left come by **Motorrad** (motorcycle).
